

Fee Guide

We understand dental costs can be expensive so we endeavour to have a number of options to make them affordable for everyone:

- **Pay as you go** - You simply pay for your treatment once you have received it by cash, cheque, credit or debit card.
- **Membership Plans** - We also offer monthly payment plans which have been designed for a variety of clinical needs. Prices start from £12.37per month.
- **Patient Finance** - We offer patient finance over a set term, to spread the cost of treatment.

Please speak to us if you would like to find out more.
